1. INTRODUCTION

1.1 PURPOSE AND BACKGROUND

The Washington State Office of Financial Management, hereafter called " AGENCY," is initiating this Request for Proposals (RFP) to solicit proposals from firms interested in participating on a project to perform definitive biennial actuarial studies to be used to comply with accounting requirements to disclose total outstanding liabilities, maintain sound funding levels for the State of Washington's Self Insurance Liability Program (SILP) and to establish fair and equitable premiums for agencies participating in the SILP. Separate rates and premiums for general liability, auto liability and cost of defense are required. The project will also entail performing a claims audit and projecting the level of incurred losses and projecting the funding stream for indemnity and defense expenses for the Washington State Department of Transportation's Ferries Division.

The purpose of the Request for Proposals is to solicit qualifications, experience, recommended approach/methodology and a fixed cost for the required services from businesses interested in providing casualty actuarial consulting services to the state of Washington. These services include, but are not limited to, studying prior actuarial reports and claims history, consulting on the operation of the SILP, examining the state's claims handling and reserving practices, producing a biennial actuarial report and pursuant to guidelines established by the state, recommending allocations of premium to individual state agencies and producing a biennial claims audit. These services will serve as the basis for decisions by the AGENCY and the state for future actions related to the SILP.

The Ferries Division of the Washington State Department of Transportation (which operates the state's marine highway system) does not participate in the SILP. As part of the actuarial studies requested in this RFP the selected Contractor will be required to estimate outstanding liabilities, projected incurred losses, and projected funding streams for the Ferries Division.

1.2 OBJECTIVE

The intent of the AGENCY in this RFP is to engage expert assistance that will:

1. Estimate the state's total outstanding liabilities, including incurred but not reported (IBNR) and provide a separate estimate of the outstanding liabilities of the Ferries Division of the Washington State Department of Transportation;
2. Recommend premium that will maintain the SILP balance at a reasonable level consistent with state policy;
3. Recommend actuarially sound allocations of premium for agencies;
4. Suggest actions that can improve the state's claims handling and reserving practices;
5. Provide consultation modifications to coverages or premium allocation methodology of SILP;
6. Review reserves, set asides, and actual amounts paid for claims and claims that have been incurred, but have not yet been reported;
7. Assist in the development of an allocation formula; and
8. Develop a separate rate and premium for automobile liability and for general liability exposure.

See Section 3, Scope of Work, for the specific details of the work to be performed by the selected Contractor.

The AGENCY has developed a liability claims database, which credibly summarizes all incurred liability claims filed with the state from FY88 to date. This database will be the primary source of information used by the selected Contractor to accomplish these actuarial studies.

1.3 MANDATORY MINIMUM QUALIFICATIONS

The Consultant must:

- a. Be licensed to do business in the State of Washington or provide a commitment that it will become licensed within thirty (30) calendar days of being selected as the Apparently Successful Contractor;
- b. Have conducted at least three actuarial studies of public entities in the past five years; and
- c. Assign Consultant staff, who is a Fellow of the Casualty Actuary Society.

Amendments extending the period of performance, if any, shall be at the sole discretion of the AGENCY.

The Consultant by submitting a bid agrees that it will not remove this staff member without the prior approval of the Agency. If removal is permitted, the Consultant agrees that it will submit the name of the proposed replacement, who must be a Fellow of the Casualty Actuary Society for the Agency's review and approval before that individual may be assigned responsibility for the services of any contract awarded as a result of this RFP.

B. Experience of the Consultant (Scored – 30 points maximum)

- 1. A description of the background and experience of the Consultant, the Consultant's staff and any subcontractors, who would work on the contract, emphasizing experience analyzing general and automobile liability exposures common to the operations of public entities.
- 2. Summaries of studies with scopes similar to that specified in this RFP that have been completed by the Consultant and the Consultant's staff, who would be assigned to the contract. List contract reference numbers, contract period of performance, contact persons, telephone numbers, and fax numbers/e-mail addresses.
- 3. At least three such studies in the past five years are required.

4. Indicate other relevant experience that indicates the qualifications of the Consultant, and any subcontractors, for the performance of the potential contract.

C. References of Other Public Entities (Scored – 10 points maximum)

List names, addresses, telephone numbers, and fax numbers/e-mail addresses of three public entity references for whom work has been accomplished and briefly describe the type of service provided. The Consultant and the lead staff person must grant permission to the AGENCY to contact the references and others who may have pertinent information regarding the ability of the Consultant and the lead staff person to perform the services contemplated by this RFP. Do not include current AGENCY staff as references. **References will be contacted for the top-scoring proposal(s) only.**

D. Related Information (MANDATORY)

1. If the Consultant or any subcontractor contracted with the State of Washington during the past 24 months, indicate the name of the agency, the contract number and project description and/or other information available to identify the contract.
2. If the Consultant's staff or subcontractor's staff was an employee of the State of Washington during the past 24 months, or is currently a Washington state employee, identify the individual by name, the agency previously or currently employed by, job title or position held and separation date.
3. If the Consultant has had a contract terminated for default in the last five years, describe such incident. Termination for default is defined as notice to stop performance due to the Consultant's non-performance or poor performance and the issue of performance was either (a) not litigated due to inaction on the part of the Consultant, or (b) litigated and such litigation determined that the Consultant was in default.
4. Submit full details of the terms for default including the other party's name, address, and phone number. Present the Consultant's position on the matter. The Agency will evaluate the facts and may, at its sole discretion, reject the proposal on the grounds of the past experience. If no such termination for default has been experienced by the Consultant in the past five years, so indicate.

E. OMWBE Certification (OPTIONAL)

Include proof of certification issued by the Washington State Office of Minority and Women's Business Enterprises (OMWBE) if certified minority-owned firm and/or women-owned firm(s) will be participating on this project. For information: <http://www.omwbe.wa.gov>.

4.4 COST PROPOSAL (SCORED – 80 Points Maximum)

The evaluation process is designed to award this procurement not necessarily to the Consultant of least cost, but rather to the Consultant whose proposal best meets the requirements of this RFP. However, Consultants are encouraged to submit proposals, which are consistent with State government efforts to conserve state resources.

A. Identification of Costs

- A.1 Costs for Services Set Forth in Section 3.1, Actuarial Reports; Section 3.2, Claims Audit; and Section 3.3, Consultation of the Self-Insurance Program Structure**

Provide **one fixed price cost**, which covers the cost for the Actuarial Report referenced in Section 3.1, the Claims Audit referenced in Section 3.2, and the Consultation of the Self-Insurance Program referenced in Section 3.3. The fixed price cost proposal including the Actuarial Report, the Claims Audit, and Consultation of the Self-Insurance Program, must provide the following supporting cost information:

1. A fully detailed budget for each component (Actuarial Report, Claims Audit, and Consultation of the Self-Insurance Program), including staff costs, administrative costs, travel costs, and any other expenses necessary to accomplish the objectives and produce the deliverables under the contract.
2. Provide the proposed number of hours per person with job title and their hourly rate.
3. Provide a table showing the anticipated number of hours each assigned staff person is expected to devote to each major project activity.

Costs for subcontractors are to be broken out separately. Please note if any subcontractors are certified by the Office of Minority and Women's Business Enterprises.

A.2 Costs for Extra Services Set Forth in Section 3.4

The cost proposal must separately state an hourly rate (without travel expenses) by job title for the Extra Services contemplated in Section 3.4. **No points will be awarded for the Extra Services cost proposal.**

Computation of the Fixed Price Cost for Section 3.1, Actuarial Reports; Section 3.2, Claims Audit, and Section 3.3, Consultation of the Self-Insurance Program Structure

The maximum points available for the fixed price for the Actuarial Report, Claims Audit, and Consultation of the Self-Insurance Program Structure cost proposal is 80 points. The score for the fixed price cost proposal will be computed by dividing the lowest fixed price cost bid received by the Consultant's fixed price cost bid. Then the resultant number will be multiplied by the maximum possible points for the cost section.

5. EVALUATION AND CONTRACT AWARD

5.1 EVALUATION PROCEDURE

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this solicitation and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team, to be designated by the Agency, which will determine the ranking of the proposals.

Items in Section 4, Proposal Contents, marked “mandatory” must be included as part of the proposal for the proposal to be considered responsive; however, these items are not scored. Items marked “scored” are those that are awarded points as part of the evaluation conducted by the evaluation team.

Agency, at its sole discretion, may elect to select the top-scoring firms as finalists for an oral presentation.

5.2 EVALUATION WEIGHTING AND SCORING

The following weighting and points will be assigned to the proposal for evaluation purposes:

Technical Proposal – 30%	60 points
Project Approach/Methodology	15 points (maximum)
Quality of Work Plan	25 points (maximum)
Project Schedule	10 points (maximum)
Project Deliverables	10 points (maximum)
Management Proposal – 30%	60 points
Project Team Structure/	
Internal Controls	15 points (maximum)
Staff Qualifications/Experience	15 points (maximum)
Experience of the Consultant	30 points (maximum)
Cost Proposal – 40%	80 points
Subtotal	200 points
References [top-scoring consultants only]	10 points
GRAND TOTAL	210 POINTS

References will be contacted for the top-scoring consultants only and will then be scored and added to the score awarded for the written proposal.

5.3 ORAL PRESENTATIONS MAY BE REQUIRED

Should oral presentations become necessary, the AGENCY will contact the top-scoring firm(s) to schedule a date, time and location. Commitments made by the Consultant at the oral interview, if any, will be considered binding. The oral presentation will determine the successful Consultant.

5.4 FINAL SELECTION

The evaluation process is designed to award a contract not necessarily to the Consultant of least cost, but to that Consultant which in the opinion of the AGENCY best meets the requirements set forth in the RFP. The AGENCY reserves the right to award to contract to the Consultant whose proposal is in the best interest of the AGENCY and State of Washington.

5.5 NOTIFICATION TO PROPOSERS

The AGENCY will notify the Apparently Successful Contractor of their selection in writing upon completion of the evaluation process. Individuals or firms whose proposals were not selected for further negotiation or award will be notified separately by e-mail or facsimile.

5.6 DEBRIEFING OF UNSUCCESSFUL PROPOSERS

Any Consultant who has submitted a proposal and been notified that they were not selected for contract award may request a debriefing. The written request for a debriefing conference must be received by the RFP Coordinator within three (3) business days after the Unsuccessful Consultant Notification is e-mailed to the Consultant. Written debriefing requests must be received by the RFP Coordinator no later than 5:00 PM, local time, in Olympia, Washington on the third business day following the transmittal of the Unsuccessful Consultant Notification. The debriefing must be held within three (3) business days of the request.

Discussion at the debriefing conference will be limited to the following:

- Evaluation and scoring of the firm's proposal;
- Critique of the proposal based on the evaluation;
- Review of proposer's final score in comparison with other final scores without identifying the other firms.

Comparisons between proposals or evaluations of the other proposals will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of one hour.

5.7 PROTEST PROCEDURE

Protests may be made only by Consultants who submitted a response to this solicitation document and who have participated in a debriefing conference. Upon completing the debriefing conference, the Consultant is allowed three (3) business days to file a protest of the acquisition with the RFP Coordinator. Protests must be received by the RFP Coordinator no later than 5:00 PM, local time, in Olympia, Washington on the third business day following the debriefing. Protests may be submitted by e-mail, but must then be followed by the document with an original signature.

Consultants protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Consultants under this procurement.

All protests must be in writing, addressed to the RFP Coordinator, and signed by the protesting party or an authorized Agent. The protest must state the RFP number, the grounds for the protest with specific facts and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of an evaluator;
- Errors in computing the score;
- Non-compliance with procedures described in the procurement document or AGENCY policy.

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the quality of a proposal, or 2) AGENCY'S assessment of its own and/or other agencies needs or requirements.

Upon receipt of a protest, a protest review will be held by the AGENCY. The AGENCY Director or an employee delegated by the Director who was not involved in the procurement will consider the record and all available facts and issue a decision within five (5) business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Consultant that also submitted a proposal, such Consultant will be given an opportunity to submit its views and any relevant information on the protest to the RFP Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold the AGENCY's action; or
- Find only technical or harmless errors in the AGENCY's acquisition process and determine the AGENCY to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide the AGENCY options which may include:
 - Correct the errors and re-evaluate all proposals, and/or
 - Reissue the solicitation document and begin a new process, or
 - Make other findings and determine other courses of action as appropriate.

If the AGENCY determines that the protest is without merit, the AGENCY will enter into a contract with the apparently successful contractor. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.

Contractor expressly agrees to indemnify, defend, and hold harmless the state for any claim arising out of or incident to Contractor's or any subcontractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend, and hold harmless the state shall not be eliminated or reduced by any actual or alleged concurrent negligence of state or its agents, agencies, employees and officials.

Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless state and its agencies, officials, agents or employees.

INDEPENDENT CAPACITY OF THE CONTRACTOR - The parties intend that an independent contractor relationship will be created by this contract. The Contractor and his or her employees or agents performing under this contract are not employees or agents of the Agency. The Contractor will not hold himself/herself out as or claim to be an officer or employee of the Agency or of the state of Washington by reason hereof, nor will the Contractor make any claim of right, privilege or benefit which would accrue to such employee under law. Conduct and control of the work will be solely with the Contractor.

INDUSTRIAL INSURANCE COVERAGE - The Contractor shall comply with the provisions of Title 51 RCW, Industrial Insurance. If the Contractor fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees as may be required by law, Agency may collect from the Contractor the full amount payable to the Industrial Insurance accident fund. The Agency may deduct the amount owed by the Contractor to the accident fund from the amount payable to the Contractor by the Agency under this contract, and transmit the deducted amount to the Department of Labor and Industries, (L&I) Division of Insurance Services. This provision does not waive any of L&I's rights to collect from the Contractor.

LICENSING, ACCREDITATION AND REGISTRATION - The Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements/standards, necessary for the performance of this contract.

LIMITATION OF AUTHORITY - Only the Agent or Agent's delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract. Furthermore, any alteration, amendment, modification, or waiver or any clause or condition of this contract is not effective or binding unless made in writing and signed by the Agent.

NONCOMPLIANCE WITH NONDISCRIMINATION LAWS - In the event of the Contractor's non-compliance or refusal to comply with any nondiscrimination law, regulation, or policy, this contract may be rescinded, canceled or terminated in whole or in part, and the Contractor may be declared ineligible for further contracts with the Agency. The Contractor shall, however, be given a reasonable time in which to cure this noncompliance. Any dispute may be resolved in accordance with the "Disputes" procedure set forth herein.

NONDISCRIMINATION - During the performance of this contract, the Contractor shall comply with all federal and state nondiscrimination laws, regulations and policies.

OVERPAYMENTS AND ASSERTION OF LIEN - In the event that the Agency establishes overpayments or erroneous payments made to the Contractor under this contract, the Agency may secure repayment, plus interest, if any, through the filing of a lien against the Contractor's real property or by requiring the posting of a bond, assignment of deposit or some other form of security acceptable to the Agency or by doing both.

PRIVACY - Personal information collected, used or acquired in connection with this contract shall be used solely for the purposes of this contract. Contractor and its subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of the Agency or as provided by law. Contractor agrees to implement physical, electronic and managerial safeguards to prevent unauthorized access to personal information.

The Agency reserves the rights to monitor, audit or investigate the use of personal information collected, used or acquired by the contractor through this contract. The monitoring, auditing or investigating may include but is not limited to "salting" by the Agency. Contractor shall certify the return or destruction of all personal information upon expiration of this contract. Salting is the act of placing a record containing unique but false information in a database that can be used later to identify inappropriate disclosure of data contained in the database.

Any breach of this provision may result in termination of the contract and the demand for return of all personal information. The Contractor agrees to indemnify and hold harmless the Agency for any damages related to the Contractor's unauthorized use of personal information.

PUBLICITY - The Contractor agrees to submit to the Agency all advertising and publicity matters relating to this Contract wherein the Agency's name is mentioned or language used from which the connection of the Agency's name may, in the Agency's judgment, be inferred or implied. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Agency.

RECORDS MAINTENANCE - The Contractor shall maintain books, records, documents, data and other evidence relating to this Contract and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the Contract, shall be subject at all reasonable times to inspection, review or audit by the Agency, personnel duly authorized by the Agency, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

REGISTRATION WITH DEPARTMENT OF REVENUE - The Contractor shall complete registration with the Washington State Department of Revenue and be responsible for payment of all taxes due on payments made under this contract.

RIGHT OF INSPECTION - The Contractor shall provide right of access to its facilities to the Agency, or any of its officers, or to any other authorized agent or official of the state of Washington or the federal government, at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

The Contractor shall make available information necessary for Agency to comply with the client's right to access, amend, and receive an accounting of disclosures of their Personal Information according to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) or any regulations enacted or revised pursuant to the HIPAA provisions and applicable provisions of Washington State law. The Contractor's internal policies and procedures, books, and records relating to the safeguarding, use, and disclosure of Personal Information obtained or used as a result of this contract shall be made available to Agency and the U.S. Secretary of the Department of Health & Human Services, upon request.

SAFEGUARDING OF INFORMATION - The Contractor shall not use or disclose Personal Information in any manner that would constitute a violation of federal law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) or any regulations enacted or revised pursuant to the HIPAA provisions and applicable provisions of Washington State law. The Contractor agrees to comply with all federal and state laws and regulations, as currently enacted or revised, regarding data security and electronic data interchange of all Personal Information.

The Contractor shall protect Personal Information collected, used, or acquired in connection with this Contract, against unauthorized use, disclosure, modification or loss. The Contractor shall ensure its directors, officers, employees, subcontractors or agents use it solely for the purposes of accomplishing the services set forth in this agreement. The Contractor and its Subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make it known to unauthorized persons without the express written consent of AGENCY or as otherwise required by law. The Contractor agrees to implement physical, electronic, and managerial policies, procedures, and safeguards to prevent unauthorized access, use, or disclosure of data in any form. The Contractor shall make the Personal Information available to amend as directed by Agency and incorporate any amendments into all the copies maintained by the Contractor or its Subcontractors.

The Contractor shall certify its return or destruction upon expiration or termination of this Contract and the Contractor shall retain no copies. If the Contractor and Agency mutually determine that return or destruction is not feasible, the Contractor shall not use the Personal Information in a manner other than those permitted or required by state and federal laws.

Agency reserves the right to monitor, audit, or investigate the use of personal information collected, used or acquired by the contractor through this contract. The monitoring, auditing, or investigating may include, but is not limited to, "salting" by Agency. Salting is the act of introducing data containing unique but false information that can be used later to identify inappropriate disclosure of data.

The Contractor shall notify Agency in writing within 5 working days of becoming aware of any unauthorized access, use or disclosure. The contractor will take steps necessary to mitigate any known harmful effects of such unauthorized access including, but not limited to sanctioning employees, notifying subjects, and taking steps necessary to stop further unauthorized access. The Contractor agrees to indemnify and hold harmless Agency for any damages related to unauthorized use or disclosure by the Contractor, its officers, directors, employees, Subcontractors or agents.

Any breach of this clause may result in termination of the contract and the demand for return of all Personal Information.

SAVINGS - In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this contract and prior to normal completion, the Agency may terminate the contract under the "Termination for Convenience" clause, without the ten day notice requirement, subject to renegotiation at the Agency's discretion under those new funding limitations and conditions.

SEVERABILITY - The provisions of this contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the contract.

SITE SECURITY - While on Agency premises, Contractor, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations.

SUBCONTRACTING - Neither the Contractor nor any Subcontractor shall enter into subcontracts for any of the work contemplated under this contract without obtaining prior written approval of the Agency. In no event shall the existence of the subcontract operate to release or reduce the liability of the Contractor to the Agency for any breach in the performance of the contractor's duties. This clause does not include contracts of employment between the contractor and personnel assigned to work under this contract.

Additionally, the Contractor is responsible for ensuring that all terms, conditions, assurances and certifications set forth in this agreement are carried forward to any subcontracts. Contractor and its subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of the agency or as provided by law.

TAXES - All payments accrued on account of payroll taxes, unemployment contributions, any other taxes, insurance or other expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.

TERMINATION FOR CAUSE - In the event the Agency determines the Contractor has failed to comply with the conditions of this Contract in a timely manner, the Agency has the right to suspend or terminate this Contract. Before suspending or terminating the Contract, the Agency shall notify the Contractor in writing of the need to take corrective action. If corrective action is not taken within 30 days, the Contract may be terminated or suspended. In the event of termination or suspension, the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original Contract and the replacement or cover Contract and all administrative costs directly related to the replacement Contract, e.g., cost of the competitive bidding, mailing, advertising and staff time. The Agency reserves the right to suspend all or part of the Contract, withhold further payments, or prohibit the Contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the Contractor or a decision by the Agency to terminate the Contract. A termination shall be deemed to be a "Termination for Convenience" if it is determined that the Contractor: (1) was not in default; or (2) failure to perform was outside of his or her control, fault or negligence. The rights and remedies of the Agency provided in this Contract are not exclusive and are in addition to any other rights and remedies provided by law.

TERMINATION FOR CONVENIENCE - Except as otherwise provided in this contract, the Agency may, by 10 days written notice, beginning on the second day after the mailing, terminate this contract, in whole or in part. If this contract is so terminated, the Agency shall be liable only for payment required under the terms of this contract for services rendered or goods delivered prior to the effective date of termination.

TERMINATION PROCEDURES - Upon termination of this contract, the Agency, in addition to any other rights provided in this contract, may require the Contractor to deliver to the Agency any property specifically produced or acquired for the performance of such part of this contract as has been terminated. The provisions of the "Treatment of Assets" clause shall apply in such property transfer.

The Agency shall pay to the Contractor the agreed upon price, if separately stated, for completed work and services accepted by the Agency, and the amount agreed upon by the Contractor and the Agency for (i) completed work and services for which no separate price is stated, (ii) partially completed work and services, (iii) other property or services which are accepted by the Agency, and (iv) the protection and preservation of property, unless the termination is for default, in which case the Agent shall determine the extent of the liability of the Agency. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause of this contract. The Agency may withhold from any amounts due the Contractor such sum as the Agent determines to be necessary to protect the Agency against potential loss or liability.

The rights and remedies of the Agency provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

After receipt of a notice of termination, and except as otherwise directed by the Agent, the Contractor shall:

1. Stop work under the contract on the date, and to the extent specified, in the notice;
2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the contract that is not terminated;
3. Assign to the Agency, in the manner, at the times, and to the extent directed by the Agent, all of the rights, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case the Agency has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
4. Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the Agent to the extent Agent may require, which approval or ratification shall be final for all the purposes of this clause;
5. Transfer title to the Agency and deliver in the manner, at the times, and to the extent directed by the Agent any property which, if the contract had been completed, would have been required to be furnished to the Agency;
6. Complete performance of such part of the work as shall not have been terminated by the Agent; and
7. Take such action as may be necessary, or as the Agent may direct, for the protection and preservation of the property related to this contract which is in the possession of the Contractor and in which the Agency has or may acquire an interest.

U.S. DEPARTMENT OF TREASURY, OFFICE OF FOREIGN ASSETS CONTROL- The agency complies with U.S. Department of the Treasury, Office of Foreign Assets Control (OFAC) payment rules. OFAC prohibits financial transactions with individuals or organizations, which have been placed on the OFAC Specially Designated Nationals (SDN) and Blocked Persons sanctions list located at <http://www.treas.gov/offices/enforcement/ofac/index.html>. Compliance with OFAC payment rules ensures that the agency does not conduct business with individuals or organizations that have been determined to be supporters of terrorism and international drug dealing or that pose other dangers to the United States.

Prior to making payment to individuals or organizations, the agency will download the current OFAC SDN file and compare it to agency and statewide vendor files. In the event of a positive match, the agency reserves the right to: (1) make a determination of "reasonability" before taking the positive match to a higher authority, (2) seek assistance from the Washington State Office of the State Treasurer (OST) for advanced assistance in resolving the positive match, (3) comply with an OFAC investigation, if required, and/or (4) if the positive match is substantiated, notify the contractor in writing and terminate the contract according to the Termination for Convenience provision without making payment. The agency will not be liable for any late payment fees or missed discounts that are the result of time required to address the issue of an OFAC match.

WAIVER - Waiver of any default or breach shall not be deemed to be a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this Contract unless stated to be such in writing and signed by authorized representative of the Agency.
